

Student Accessibility

Request for 504/Disability-Related Academic or Residential Life Accommodations

In accordance with the provisions of Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Amendments Act of 2008, Vassar College seeks to provide students with documented disabilities those support services and other reasonable accommodations needed to ensure equal access to the programs and activities of the college. The **Office for Accessibility and Educational Opportunity** supports this mission by coordinating auxiliary aids, accommodations, and services for self-identified students with disabilities. Disabilities may include, but are not necessarily limited to, learning disorders (LD), attention deficit/hyperactivity disorder (AD/HD), psychological disorders, chronic medical conditions, sensory loss, and substance abuse/recovery.

Students may register for accommodations and services with the **Office for Accessibility and Educational Opportunity** by providing appropriate documentation of their disability or disabilities. Documentation must indicate a specific diagnosis, and state how the disability and/or related medications and treatments interfere with or limit any major life activity including current participation in courses, programs, or activities of the college. Please refer to aeo.vassar.edu for specific guidelines for documenting a learning disability, attention deficit/hyperactivity disorder (AD/HD), psychological disorders, and chronic health impairments. The cost of obtaining documentation is the responsibility of the student. Please contact the **Office for Accessibility and Educational Opportunity** for more information about services, (845) 437-7584.
