

VASSAR REUNION 2022

COVID Protocols as of 1/7/2022

Given the ever-changing protocols coming from local, state and federal agencies, it is difficult to say for sure what the requirements will be around vaccination. At present, we anticipate that proof of vaccinations and boosters will be required for Reunion attendees, along with masking while indoors. These protocols may be subject to change; we will have periodic updates to share with you between now and June.

For questions or concerns, please email reunion@vassar.edu
