

## CLIMATE CHANGE CORRELATE PLAN OF STUDY

Name \_\_\_\_\_ Class \_\_\_\_\_ Date Submitted \_\_\_\_\_

Declared Major \_\_\_\_\_ Major Advisor \_\_\_\_\_

Box \_\_\_\_\_ Email Address \_\_\_\_\_ Correlate Advisor Preference \_\_\_\_\_

The Climate Change Correlate is jointly housed in ENST and ESSC. Each 6-unit Correlate is therefore designed in consultation with an advisor from the Environmental Studies Program or from the Earth Science and Geography Department. Students taking 4+ courses in the ESCI and GEOG department should elect the correlate under ESSC, whereas those taking fewer than 4 courses in ESCI and GEOG should elect it under ENST. Following acceptance of the plan by the Climate Change correlate steering committee, changes should be brought to the attention of the committee for approval. The steering committee is composed of representatives of the ENST steering committee and ESCI and GEOG department. The correlate must be declared by the spring of junior year. After declaration, no courses may be elected NRO.

DEPT/COURSE	TITLE	UNITS	YEAR (fr, so, jr, sr)
-------------	-------	-------	-----------------------

1. One course at the 100 level from the following selection of courses (ENST 107, ENST 124, ESCI 153):

_____	_____	_____	_____
-------	-------	-------	-------

2. One course at the 200 level from the following selection of courses (ESSC 202, ENST 254, GEOG 256, GEOG 266, ESCI/ENST 277):

_____	_____	_____	_____
-------	-------	-------	-------

3. One course at the 300 level from the following selection of courses (BIOL 356, GEOG 340, EDUC 375, ESCI 325, ESCI 335, ESCI 361):

_____	_____	_____	_____
-------	-------	-------	-------

4. Three additional units from the list of approved courses at the 200 and 300 levels chosen in consultation with your correlate sequence advisor.
